Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Wednesday 03 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly dry, though a few showers.

This Evening and Tonight:
During the evening and overnight clear spells will develop for most but with a chance of cloudier conditions and outbreaks of rain in the northwest of the region. Remaining frost free across all parts. Minimum temperature 4 deg C (39 deg F).

Thursday:
Sunny spells for much of the day, but an increasing risk of showers by the evening. Overnight, remaining cloudy but showers fading towards the morning. Maximum temperature 10 deg C (50 deg F).

Outlook for Friday to Sunday:
Band of showery rain moving east on Friday. Turning much colder on Saturday and Sunday with wintry showers in the east and overnight frost and a biting wind.
